MEMORANDUM FOR RECORD

25X1X7

SUBJECT: Table of Organization for Combined [REDACTED] (U. S.) Base

1. PROBLEM:

To recommend the staffing required to operate a Provisional Weather Reconnaissance Squadron under [REDACTED] U. S. sponsorship.

25X1X7

2. ASSUMPTIONS:

- a. The squadron will be located at either [REDACTED] or [REDACTED].
- b. The squadron will be equipped with two U-2's, one T-33, and a support craft (C-47 class).
- c. The squadron will be capable of conducting four sorties (approximately 24 hours total) per week.
- d. Camera equipment will consist of A-1, A-2, B and tracker cameras. Processing of tracker film will be handled at the base.
- e. ELINT equipment will consist of Systems 1, 3, 4, and 6.
- f. Full 24-hour communications service will be required, but the traffic volume will be approximately half that of the present volume at Base B or C.
- g. Training operations will be conducted from the base site, and other operations will be staged from selected locations.
- h. A flight surgeon will be available at the base, but special provisions must be made for staging operations.
- i. When operations necessitate, base can be augmented with personnel from Headquarters or Base B.
- j. Courier service to be provided by Headquarters or Base B.
